TRUCILLO

cremacaffè

A new way to enjoy and to fresh the summer without sacrificing the taste of a coffee; a **pleasant creamy** break, suitable all year and in any time of day. The delicious cold **Cremacaffè** meets lightness and greediness.

The **professional equipment** for Cremacaffè are characterized by simplicity of performance and advanced technology, in a reduced footprint compared to traditional machines.

cioccoкрема

A drink always perfectly **dense, thick and warm**, that invite to pleasure and transgression.

Cioccoкрема is the chocolate that warms the cold winter days giving moments of velvety sweetness.

Immediately ready with a few simple steps, thanks to **special chocolate-machine**, with its dispenser completely removable that allows quick and effective cleaning

orzoesspresso caffèginseng

Orzoesspresso is a beverage with an ancient flavour but perfectly in line with current tastes: pleasant, light and healthy.

Caffèginseng is a real boost of energy in sips of pure pleasure: the revitalizing properties of coffee and ginseng are mixed into a tonic drink that offers moments of absolute well-being.

Two inviting proposals to be served in small or large cup, now available in a single provider to allow a very quick service.

The machine **Orzoesspresso** and **Caffèginseng Trucillo** combines functionality and simplicity of use, a pleasant design of small dimension, practical and easy to place.
